A MYSTICAL NUMBER.

OMNIPRESENT SEEMS TO BE THE FATEFUL SEVEN.

From the Biblical Story of the Creation Down It Plays a Mighty Part In Folklore, Tradition, Superstition and History.

Clean birds by sevens, Unclean by twos, The dove in the heavens Is the one that I choose,

But not only do the bird augurles go by sevens; the number plays a mighty part in folklore, tradition and history. Six days made the world, and God rested on the seventh day and hallowed it. In the seventh month Noah's ark touched the ground; in seven days a dove was sent out on the face of the waters. Abraham pleaded with God seven times for Sodom's sake before God smote the city of wickedness to her undoing.

Seven days Jacob mourned for Joseph and would not be comforted; seven years and seven Jacob served for Rachel, and in Joseph's governorship of Egypt the chief butler and baker dreamed dreams wherein seven fat oxen and seven lean oxen, seven ears of full corn and seven ears of mildewed corn played a prominent part and foreboded the 14 years of plenty and of famine that were in store for the Land of the Two Crowns, even the land of the house of bondage, the land of Egypt. Every seventh day the law was read to the wandering children of Israel, and Jericho, the strong city, fell, wall and tower, when seven men had paced

around it for seven days. Solomon was seven years building the splendid temple, with all its glories of gold and cedar wood, turquoise and terebinth. There were seven lamps in the tabernacle, and the candlestick had seven golden

branches Naaman washed himself seven times in the river Jordan before the healing water cleansed him of his leprosy. The Apocalypse is full of the mystic number, and on the cross our Saviour hung for seven hours, and from the cross our Saviour spoke seven times.

The seventh son of a seventh son is a born doctor, according to Irish belief, but he must never take money for the cures he achieves, and to insure recovery he should be sought before sunrise or after sunset on Friday. "It is manifest by experience that the seventh male childe, by just order (never a wench being born between), doth heal only with touching, through a natural gift, the king's evil; which is a speciall gifte of God, given to kinges and queenes, as daily experience doth witnesse." There were seven wise men and seven wonders of the world; while the ancients not only noted the importance of seven as an astronomical period, but also connected the sev en metals then known with the seven planets and the seven colors.

Thus copper belonged to Venus, and the color green; lead to Saturn, and the color blue; gold and yellow to the sun, and so on.

The seven days of the week are connected with the seven pleiades, of whom the seventh is a lost star, and the seventh wave of a series is full of danger to ships, as every seventh year is to man. For seven years the mischievous sprite, Friar Rush, lived with the Seeland monks, beguiling the time by cutting oak cudgels, which, when struck on the ground, turned into soldiers armed cap-a-pie, and for seven years Prince Charming looks for his lost bride, or Cap-o'-Rushes works disguised in the kitchens of the palace, or the forsaken princess tries to climb the glass mountain which lies between her and her lover, who has drunk of the water of forgetfulness. The seven sleepers are famous, and the number seven even comes into the employ of folk medicine. Water taken from seven streams where cresses grow will cure the jaundice, and seven twigs of aspen put under the patient's pillow will recover him from paralysis, and seven leaves of ivy will bring a careless lover back to your side and keep him there, and seven corns of wheat, eaten fasting, will heal you of the falling sickness, which is epilepsy, and seven mistletoe berries put in a bag of red silk and hung round your neck will protect you from sunstroke and elf bolt and preserve your feet from blisters, however far you walk.

It is not spring until you can put your foot on seven daisies at one and the same time, and seven hairs will keep the evil eye off children, according to an old Indian superstition, only the hairs, to be of any avail, must be plucked from the tail of an elephanta difficult, a delicate and even a dangerous proceeding. At 7 years old all cats become possessed of witch's powers, and woe betide those who ill use or frighten puss when once she has acquired power of mischief! But let this not discourage the lovers of the nine lived one, for-

Wherever the cat of the house don't lack For seven years blow white, blow black, The lasses of lovers shall have no lack.

Seven years of Ill fortune, according to a Sicilian superstition, follow her or him who kills a cat; therefore it were well to treat your feline followers gently, even though you love them not. But I might go on till the "seventh day from Latter Lammas" and still have something to tell. So here I make an end.-Nors Hopper in Illustrated London News.

Mr. P. Ketcham, of Pike City, Cal, says: "During my brother's last sickness from sciatic rheumatism. Chamberlain's Pain Balm was the only remedy that gave him any relief." Many others have testified to the prompt relief from pain which this liniment affords. For sele by J. H. Janney, Druggist, 701 King St.

What you want is not temporary relief from piles but a cure to stay cured. DeWitt's Witch Hazel Salve cures piles, and they stay cured. Edgar Warfield, jr., corner King and

BY ELEVATING THE QUALITY of our coal we lower the price in economy of consumption. Consumers will find that it is cheaper to use our high grade Lee Coal, that has been screened and freed from slate and S G Brent, stone, than that of an inferior grade. It gives more heat, less ashes and burns longer than any other coal, and our prices are as low as any. Coal and Wood under cover.
